

# Friends Member Application

2008

The Danville Chapter of AMBUCS is a volunteer organization dedicated to creating independence for persons with disabilities especially children. We do all we do through hard work and a lot of fun.

Friends Members are just that - friends of AMBUCS. For a small \$25 annual contribution (which covers your National Friends Dues) you will receive the National newsletter, the Danville newsletter, and will be among the first called when we need people to help us with our service projects, fundraisers - and of course our socials!

This level of membership is really for those who wish to help but do not wish to be a part of the busy core operation of the chapter. Most of the \$140 annual contribution of an active member goes to support AMBUCS at the District, Regional, and National levels. If you wish to volunteer from time to time and donate to your local AMBUCS - please consider a Friends Membership along with an additional contribution. Thank you!
