#### **AMBUC of the Day Janet Myers**

Janet is married, has 2 sons and 13 grandchildren. As a young adult she lived in Japan for a period of time and she said she really learned to appreciate the efficiency and conveniences in the USA.

She has worked for the city of Danville for the past 13 years and is currently the City Clerk. Janet says she can "swear." This means she is the keeper of records for the entire city and keeper of the City Seal. If you want any type of license except marriage and death she's the one to see. Oh, and ask her about the "W."

#### **Program: Bobby Lillard Deputy Director of Firefighters**

Bobby explained that he became a firefighter after obtaining his degree in Communications and working at Channel 15. The television show "Emergency" enthralled him and he decided to take the firefighters test.

That was over 28 years ago.

Today his job has him overseeing the entire department and working for Fire Prevention. He helps make the department run more efficiently and consistently, communicate from one shift to the next, and he oversees training and safety education.

There is a process and a procedure for everything. The firefighters have training classes each week. Firefighters are often the first on the scene, and they respond to almost all ambulance and EMS calls. Almost every firefighter is an EMT.
